

BUSINESS SUPPORT - ONLINE - IN PRINT - IN PERSON

POST COVID-19 LOCKDOWN SUPPLY CHAIN ASSESSMENT

How can you reduce the risk and vulnerability of
your business

Wednesday 3rd June 2020

10am - 11:30am

Circle2Success and MTC working together to support the manufacturing & engineering sector through these troubled times. We have created a web event to help answer many of the questions manufacturers have today – How do I move my business forward successfully? What does the future hold for my business? Join us to get answers to your questions and expert advice on how to deal with the 'New Norm'.

Mapping your supply chain post lockdown

Have you reviewed and assessed your supply chain. With an uncertain future for many now is the time to re-assess your supply chain and ask yourself the following questions:

Will it be possible to use the same suppliers? Will they be reliable? Is there a better option? Have you considered the following and what's is your risk assessment and continuity plan?

- Value
- Location
- Logistics
- Administration
- Process
- Efficiency
- Performance
- Complexity
- Reliability and Flexibility
- Cost
- Risk & Vulnerability

Assessment

We will help you map out the above, explore your weaknesses, look at new opportunities and emerging markets, step into the shoes of those businesses that are not ready and capture new opportunities, be prepared, communicate with customers and develop a strong communication strategy.

Develop an action plan

We will help you develop an action plan that is robust and reduces vulnerability, safeguarding your future, looking at the following:

- Performance Criteria
- Stock Control
- Value
- Make or Buy Policy
- Re-shoring
- Collaboration
- Suppliers
- Asset-Tracking
- ERP
- Digital
- Value Engineering & Design

Case-studies

Examples of MTC supporting clients with their supply chain.

The MTC is one of only a few organisations that currently have access to REACH match funded support for SME's and can also provide expert Technical and Digital support to any project undertaking.
