POST COVID-19 LOCKDOWN LEADING FROM A DISTANCE

How can you engage your team in new ways of working?

Wednesday 22nd July 2020
10am - 11:30am

Circle2Success and MTC working together to support the manufacturing & engineering sector through these troubled times. We have created a web event to help answer many of the questions manufacturers have today – How do I move my business forward successfully? What does the future hold for my business? Join us to get answers to your questions and expert advice on how to deal with the 'New Norm'.

Join us as we discuss the challenges faced by manufacturers in the COVID-19 crisis.

Have you reviewed and assessed whether your business is agile enough to adapt to the new working norm? With an uncertain future for many now is the time to re-assess how quickly businesses can adapt and move forward.

Is it expensive to implement digital tools into a business?

What are the benefits to these digital tools?

How do I get my team working in new ways?

Speakers:

Tim Andrews, Senior Advisor, Digital Transformation, The MTC

Darren Massingham, Senior Advisor, Business Transformation, The MTC

Tim and Darren will be providing practical advice on how to leverage low cost or in some cases no cost digital tools for a manufacturing environment.

Why should you attend 'Leading From A Distance'?

We will help you map out your digital journey, explore weaknesses, look at new opportunities and help get businesses who are not ready, get ready.

- Learn about some of the digital tools available to support manufacturers through the COVID-19 crisis
- A Practical view of how to engage your team in new ways of working
- Explore the benefits of these digital tools and discuss real use cases

Case-studies

Examples of MTC supporting clients with their digital transformations

The MTC is one of only a few organisations that currently have access to REACH match funded support for SME's and can also provide expert Technical and Digital support to any project undertaking.
