

Leadership Course for the Construction Industry

Starts March 2024

This Leadership Course has been created with the aim of helping participants to understand, appreciate, develop, practice and apply some of the key behaviours that underpin the effective leadership of people seeking to work more collaboratively both within and between organisations in the construction sector.

Ideal for?

- ✓ Those anticipating a first line supervisory role
- ✓ A current first line manager looking to enhance their performance and skill as a leader
- ✓ A business owner who is now responsible in a growing business for leading others
- ✓ Those who are functional or technical experts who now need to build their leadership skills
- ✓ Leaders at any level in an organisation who are looking to broaden their collaborative leadership capabilities
- ✓ Recent apprentices with two years sector experience looking to develop their learning

Details

- ✓ 16 weeks, fortnightly classes
- ✓ Gloucester Campus
- ✓ Covers leadership, teamwork, performance, culture, strategy and change

Learn from industry experts Kevin Harris, CEO of Constructing Excellence South West, and Howard Betts, Organisational Development Consultant and Executive Coach.
